If your submission is successful, your progress will be stored and you will proceed to Hazing Prevention form.
Many individuals want hazing to stop: friends, parents, advisors, students who are being hazed or members of an organization that engage in hazing. Some individuals don’t know what to say or do. Others don’t think it’s their job or their problem. Hazing isn’t an individual or organizational problem, it’s a social and community problem. It’s everyone’s problem when hazing occurs within a community and it’s everyone’s responsibility to help stop hazing.

To play a role in hazing prevention, it is the responsibility of each club member to review the Hazing Prevention Info.

By checking the box, I affirm that I have reviewed the Hazing Prevention Info and I will be active to help stop hazing.

If your submission is successful, your progress will be stored and you will proceed to Hazing Prevention form.
This form shows what is still required for a member to turn in to be considered “active”.
